## Time To Invest

Our country right now is in a state of transition and what is obvious is that there are many choosing to head for 'greener pastures' in a bid to secure their future. While I respect that every story is unique and legitimate, my attention has been stirred by the question: 'So what do we do now to build a brighter future in our country?'. I think the simple answer that I've always tried to live by is: **use what's in your hands and invest in the need in front of you.** For our country to transition into a more glorious future we need to INVEST ourselves in the future we dream of. Its not time to 'sell' our dreams just yet!

David Wasinger said, '**An investment in education is an investment in our future**', and I believe that one of the best ways we can see transformation right now, is an intentional, consistent, collaborative investment in education. Love Howick is embarking on an audacious dream of starting up Job Skills Training Centres all throughout our region so that every person stuck in the cycle of poverty can find one of our Dream Centres in their local region – and be developed to their full potential. Could you be the person who stands with us and invests in this dream, and in so doing become part of **sowing into the future of this Nation?** Contact me to make this a reality.

Matt Hogarty

DIRECTOR

# PORTRAITS OF COURAGE

Meet Mzwandile Ngiba from Mevana. A concerned community member contacted us about Mzwandile and his brother's difficulties during lockdown. We had been helping them with food parcels and vouchers, and we told them about the courses offered at the Dream Centre. They both enrolled in the Job Readiness and Waiting

course with the help of a donor. Then, just one week after they finished their courses both Mzwandile and his brother got employment at Pick 'n Pay. They don't need any food parcels and vouchers as they can now take care of themselves.

**Thank you Dream Centre and the Sponsor a Student initiative. JOIN OUR 'SPONSOR A STUDENT' INITIATIVE AND CHANGE A LIFE!**

## SPONSOR A STUDENT

You have the opportunity to change someone's life and invest in their future. An anonymous sponsor decided to give back and invest in Sindi's life, without which, she wouldn't be where she is today. You can be part of the transformation happening in our community by believing in someone and helping them achieve their dreams. Email [info@lovehowick.com](mailto:info@lovehowick.com) to find out more information on how to sponsor a student. Every donation counts!

**“Giving is not just about making a donation. It is about making a difference.”**

KATHY CALVIN

## BENEFICIARY SCHOOL: YARROW PRIMARY SCHOOL, KARKLOOF

Some of these students have to walk over 10km from home to school and back, every day. They use a multi-grade, multi-phase system as they have a shortage in space and teachers available to cater to each grade and phase individually. Yarrow Intermediate is a no-fee paying school, as most parents are farm workers earning minimum wage. This school has a big heart and a big vision – so let's join together and support them. **TOGETHER WE CAN MAKE A DIFFERENCE!**
